

A3 POUCH LAMINATORS

LW-2800 A3 Laminator

Tried and proven, the LM-2800 is a reliable A3 pouch laminator. Compact in size, forward and reverse modes with ready to operate indicator.

We have been supplying this laminator to schools, kindergartens and teachers for a number of years, and is great value for money. This machine is ideally suited to the low volume user.

LW-320 A3 Laminator

The LW-320 A3 laminator has been our go to laminator for many years. This metal cased, heated roller style laminator has performed well in many situations.

The features are - 2 heated rollers and 2 drive rollers, forward / reverse and temperature control.
